

Little Lagoon Preservation Society Scholars in Science

Barney & Maxine Gass Scholarship Program

Our Applicants

- Attend Gulf Shores High School
- Are in their twelfth year
- Maintain exemplary grades
- Demonstrate excellent work ethic
- Identified by educators and other references

Our Awardees

- **Two students** supported annually
- **\$5000** per student, granted \$1,250 per year
- **Four-year** commitment

*"The [Scholars in Science] program is important because it gives students in our area, who care about our environment, the ability to further their education. [The scholarship] has enabled me to pursue a college degree with **more focus on my education and less on the cost.**"*

- Braswell, 2020 Scholars in Science recipient
